Notes on Ordering Policies & Procedures

MINIMUM SHIPMENTS:

It remains our policy to require a minimum order of \$200 or 5 cases, to insure prompt shipment. Please order accordingly, and allow for the possible deletion of severely allocated wines from your order.

PRICES:

All prices, terms, policies and procedures are void where prohibited by law.

We reserve the right to correct any price or discount due to errors or other circumstances beyond our control.

ALLOCATED WINES & QUANTITY DISCOUNTS:

Although we try to be as fair as possible about distributing hard-to-get allocated wines, we cannot fill every order we receive.

This is especially difficult when an order must lose a quantity discount because a wine is unavailable.

Please allow for an alternative case or two to be shipped in place of rare or severely allocated wines.

Keep your quantity discounts intact!

BROKEN CASE CHARGES:

Please check with your salesperson or the order desk for Broken Case Charges.

Thank You!

We truly appreciate your business!
