

RÖKK VODKA

VENTURE BEYOND

RÖKK, a premium priced Swedish vodka that honors the bold spirit of the Vikings. Available in 80 proof non-flavored as well as in 70 Proof Apple, Citrus, Raspberry and Orange flavors, RÖKK is a smooth liquid with an icy finish due to the inclusion of pure Swedish spring water and a freeze filtration process.

Presented in a modern, import pack with provenance that cues super-premium.

IMPORTED **VODKA**

FREEZE FILTERED **OF SWEDEN**

AWARD WINNING

RÖKK Vodka is the Double Gold Winner of the 2010 San Francisco Spirits Competition

OUR PROCESS

Pure Swedish Spring Water

Pure, clean water comes from glacial sources in Kallby, Sweden (Swedish country side 5 hours West of Stockholm)

Spring is adjacent to the distillery and is known to provide ultra pure water, so pure, that Swedish Kings are Coronated with water from this spring.

Freeze Filtration

After distillation, RÖKK vodka is taken below sub zero temperatures and then frozen charcoal filtered to remove impurities that cannot be removed using traditional filtration processes.

Freeze Filtration raises the PH levels in the liquid therefore reducing acidity and increasing smoothness of RÖKK vodka.
