V2 Vodka

V2 is infused with CAFFEINE and TAURINE. For all the consumers drinking Vodka and Redbull, now they can have the elements they want (Vodka, Caffeine and Taurine) and none of the sugar, artificial flavors, or preservatives. Many people were drinking Vodka and Redbull for the effect, not the taste. Now those same consumers can have a Vodka Cranberry, a dirty martini, or any of the vodka drinks they love and still enjoy the Caffeine and Taurine they crave.

Produced and bottled in Holland, V2 has everything you want and nothing you don't want. There are no artificial colors, artificial flavors, carbonation, preservatives, or sugar, which is found in many energy drinks and low quality spirits.
